*...transforming talent into performance*

# *the* Confident Coach™

A fun, interactive, two-day  
coaching skills program that  
delivers *lasting results*.

People feel more valued and motivated at work when they know their manager is interested in them and supports their efforts and goals. *the Confident Coach™* program trains managers how to have purposeful, respectful and results-focused interactions with staff that spark commitment and passion.

## Engage your talent and optimize performance.

Many organizations are getting only a modest effort from their workforce. By participating in *the Confident Coach™* program, you will learn practical tips and strategies to leverage talent for enhanced employee engagement and retention.

## What's different about this program?

*the Confident Coach™* program trains managers how to revitalize their staff and engage them in self-directed learning, development and performance.

## Who is this program ideal for?

Front-line managers, seasoned managers, human resource managers, sales managers, coaches, organizational consultants and trainers.

You will learn the benefits and applications of a coach-approach to managing, and how to:

- *build trusting relationships*
- *engage through effective communication*
- *facilitate sustainable behavior change*
- *coach different generations*
- *hold structured coaching conversations*
- *help people overcome resistance to change*
- *build accountability for results*
- *understand your coaching strengths and needs*

Participate in *the Confident Coach™*  
program today.
